WELCOME

A partner you can rely on.

> “We move the goods, build the sites and connect the systems behind the Kingdom's growth — safely, efficiently and on time.”

ALMADHAFRI brings together transport and logistics, general contracting, electrical works and IT services under one roof.

This profile introduces who we are, what we do, and how our teams and fleet can support your business.

ABOUT ALMADHAFRI

A trusted partner for the projects that build the region

ALMADHAFRI moves goods for businesses that can't afford delays — food, medicine, retail stock and project cargo. Our modern, temperature-controlled fleet covers everything from city deliveries to long-haul routes.

Alongside transport, we deliver general contracting, electrical works and IT solutions — giving clients a single, accountable team from first plan to final delivery.

Our vision

To be the most trusted integrated transport and services partner in the Kingdom — known for reliability, safety and quality.

Our mission

To deliver our clients' goods and projects safely and on time, using a modern fleet, skilled people and disciplined management — so their business keeps moving.

Safety first

Strict HSE standards on every route and every site.

Reliability

Planned schedules and on-time delivery you can count on.

Integrity

Clear communication and honest commitments.

Customer focus

One point of contact and a team that responds fast.

WHAT WE DO

Four sectors. One trusted partner.

Integrated capabilities built for industrial, commercial and government clients.

01

Transport & Logistics

Refrigerated, frozen and dry cargo — with refrigerated and dry trucks for every load — plus warehousing and distribution.

- Refrigerated & frozen transport
- Dry cargo & general freight
- International shipping
- Warehousing & distribution

02

Contracting & Construction

Civil and building works delivered with our own heavy equipment and transport.

- Civil & building works
- Earthworks & site preparation
- Heavy equipment rental

03

Electrical Works

Safe, reliable power systems for buildings, sites and facilities.

- Power distribution (LV / MV)
- Building electrical & MEP
- Lighting & backup power

04

IT Solutions

Networks and systems that keep offices, sites and fleets connected.

- Network infrastructure & cabling
- Telecom & tower site works
- CCTV, access control & security

INTEGRATED TRANSPORT SOLUTIONS

Every load, handled end to end

From refrigerated to dry cargo, we deliver everywhere — with the right vehicle for every load.

Refrigerated & frozen

Temperature-controlled vehicles for food, pharma and fresh produce.

Dry cargo & freight

Packaged goods, retail stock and building materials.

International shipping

Cross-border shipments with heavy refrigerated and dry trailers.

Heavy & oversized loads

Equipment and project cargo moved with the right trailers.

Warehousing & distribution

Storage and scheduled distribution to stores and sites.

City & last-mile delivery

Refrigerated trucks for fast, frequent city drops.

- Advanced refrigeration
- Safety & quality
- On-time delivery
- International network
- Modern fleet
- 24/7 support

OUR FLEET

Refrigerated and dry trucks, ready to roll

A modern, well-maintained fleet — matched to the size, temperature and distance of every shipment.

01

REFRIGERATED

Medium Refrigerated Trucks

Regional distribution to stores, restaurants and warehouses.

Temperature	**Chilled & frozen**
Range	**Regional**
Best for	**Stores & distribution**

02

REFRIGERATED

Refrigerated Lorries

Long-haul and international cold-chain shipments in large volumes.

Temperature	**Chilled & frozen**
Range	**Long-haul & international**
Best for	**Bulk cold-chain**

03

DRY CARGO

Dry Cargo Trucks

General cargo, packaged goods and building materials.

Temperature	**Ambient (dry)**
Range	**Long-haul & international**
Best for	**General cargo & materials**

COVERAGE

Across the Kingdom and beyond

Based in Saudi Arabia, we connect major cities across the Kingdom — and move heavy refrigerated and dry trailers on cross-border routes.

Riyadh | Jeddah | Dammam | Madinah | Tabuk | Abha | Jazan | Hail

INDUSTRIES WE SERVE

- Food & beverage
- Pharma & healthcare
- Retail & FMCG
- Agriculture & fresh produce
- Construction & industrial
- E-commerce & distribution

HOW WE WORK

01 — Request
Share your cargo, route and timing.

02 — Plan
We assign the right vehicle and plan the route.

03 — Transport
Your cargo moves at the right temperature, safely.

04 — Deliver
On-time delivery with confirmation and support.

TECHNICAL SERVICES

Building and powering your projects

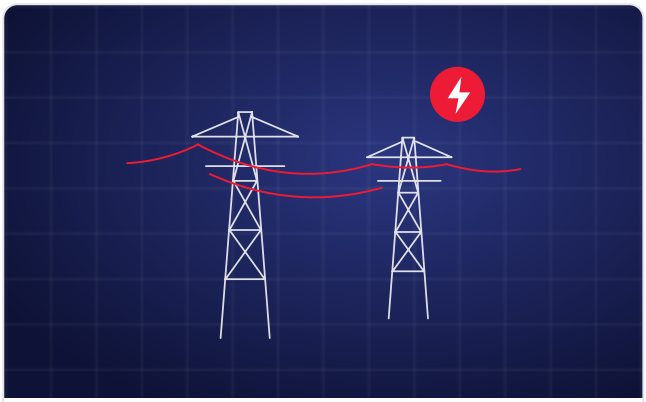

General contracting and electrical works — delivered by one accountable team, backed by our own equipment and fleet.

Contracting & Construction

From site preparation to handover, we deliver civil and building works with our own heavy equipment and transport — reducing delays and third-party risk.

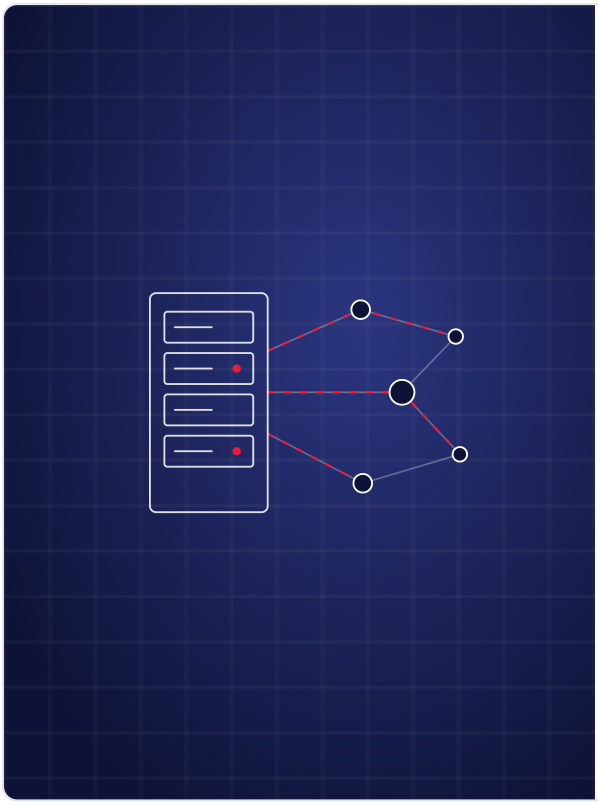

- Civil & building works
- Earthworks & site preparation
- Infrastructure: roads & utilities
- Finishing & renovation
- Heavy equipment rental
- Facility maintenance

Electrical Works

Our electrical teams design, install and maintain power systems for buildings, sites and facilities — to code and to schedule.

- Power distribution (LV / MV)
- Building electrical & MEP
- Panels, switchgear & cabling
- Indoor, outdoor & street lighting
- Generators & backup power
- Testing, inspection & maintenance

IT SOLUTIONS

Connected, secure and always on

We build and support the networks and systems that keep offices, sites and fleets connected.

- Network infrastructure & structured cabling
- Telecom & tower site works
- Systems integration & servers
- CCTV, access control & security
- Fleet tracking & digital tools
- Support & managed services

WHY ALMADHAFRI

One accountable team, from plan to delivery

Safety & HSE first

Strict health, safety and environment standards on every site and route.

Experienced people

Experienced engineers, drivers and skilled technicians.

Own fleet & equipment

Vehicles and machinery in-house — fewer delays.

On time, on budget

Clear plans, regular reporting and firm deadlines.
